7/20/93

Dear Mr. Weisberg,

As per your letter of 7/15/93, I've located some articles that I thought you'd be interested in. The first article is an 11 page article dated 8/17/92 from U.S. News and World Report. This article deals with the inconsistencies of The Warren Commision and Report.

The second article is from the 7/1/93 New York Newsday. This article describes the new books that will be available in time for the thirtieth anniversary of the assassination.

I hope these are helpful and when I locate other articles I'll make copies and send them to you.

Sincerely,

Scott Wilson
